Scheme costs a large initial outlay viz of Rs 60,000/- (Rs 50,000/ for buildings and Rs 10,000/- for casks &c) The question now is whether this amount can be provided for in the Budget for 1909-10.

If this is impracticable the Excise Commissioner will have to be requested to extend the period of the Contract for transport (with Messrs Bajjanna and Maiyanda Devu Mudr) for another year (ie till the End of June 1910).

May the file be sent to Br II for consideration of the proposal along with the Budget.

It was suggested that there will be a loss of about 1/2 tables of prices in the Stock reports but the general sales were more favourable and fetched a little more than 1/2 tables. 	[As regards the proposal itself, I think it is certainly desirable to leave the carrying business to private contract. If we do so we know exactly where we are and can enforce the terms of the contract against the contractor strictly, to avoid undue loss. If the work is done through Govt. agency, we may punish some officials if there is loss but in most cases it will be found that the loss cannot be made good. Moreover, it is well-known that contractors who make the subject a special study can do the work more cheaply & more efficiently than Govt. Between Subregistrar's Offices and excise Inspr's Offices (& bonded warehouses), there is no particular connection except that excise & registration departments happen to be under the same Head. There is no particular fitness in their being together. If the cost is the same, it would be more convenient to have registration offices near the Amildar's or Munsif's Courts. Sir,

I have the honor to state that the agreement for - - carrying arrack to the Bonded Depots of the State, entered int with Messrs Bajjanna and A. Maigondadeva Moodaliar, ends with the 30th June 1909. As arrangements are not yet completed about finding suitable accommodation for locating the Depots in or near the Taluk Cutcherries, I propose to extend the term of the agreement by another year - till the end of June 1910. I have accordingly addressed Messrs Bajjanna and A. Maigondadeva Muda--liar to continue carrying arrack under the existing conditions of agreement and to execute a fresh agreement for the purpose.

2. I request you will kindly obtain the sanction of - - Government for the same.

Excise Commissioner's Office,

No. 1165 Dated, Bangalore, 3rd August 1909.

From

H. H. Sparkes, Esquire,
Excise Commissioner
in Mysore.

To

K. S. Chandrasekhara Aiyar, Esq., B.A., B.L.,
Secretary to the Government of His Highness the
Maharaja of Mysore, General and Revenue Depts.

Sir,

I have the honor to state that the Government in their Order No. Fl.9307-17/S.R.84-06-4, dated the 19th June 1907 approved of the proposals for the management and control of the Bonded Ware--houses made in the correspondence ending with this office letter No.4398, dated the 4th June 1907. In para 3 of the said order it was further directed that necessary enquiries regarding the accommo--tion required should be made and detailed proposals with plans and estimates for additions and alterations to be made to the existing Taluk Cutcherry buildings should be submitted. In Government - - Proceedings No. Fl.1208/S.R.84-06, dated the 13th September 1907 it was observed that the sum of Rs.60,000/- required for the purpose could not be provided in the Budget for 1907-08 and that the Excise Commissioner should acquaint himself with details and elaborate a scheme. Provision was made for this sum of Rs.60,000/- in the Exci

Budget

Budget for 1908-09 submitted by me but in their order No. Fl.6536-8/ Gl. Fin. 344-07-5, dated the 16th June 1908 while sanctioning - - provisionally the budget, Government observed that out of the sum of R$.60,000/- required, R$.50,000/- should find a place in the Public Works budget and only R$.10,000/- in the Excise budget. When finally passing the budget estimates for the whole State, this provision was omitted. Again in my letter No.8103, dated the 5th March 1909 I submitted that for the scheme of Bonded Warehouses, R$.60,000/- should be provided for in the D. P. W. and Excise budgets of 1909-1910. The order No. Fl.7793/Gl.Fin.348-08-4, dated the 8th June 1909 sanction-ing the Excise Budget provisionally, is silent on this matter. It will thus be seen that the scheme is being put off indefinitely though the Excise Revenue has been steadily increasing.

2. On receipt of the first order cited above I addressed the Deputy Commissioners regarding the accommodation available for the purpose but without an exception I got a negative reply. I then undertook a Provincial tour and in each of the Taluks I visited, I paid - - particular attention as to what could be done in the way of accommoda-tion to locate Bonded Warehouses. I may now be said to have visited more than 40 Taluks. I forwarded to each of the Deputy Commissioners my proposals in respect of his District and requested the favour of his opinion with estimates and plans. Additions, alterations and new

buildings

7

buildings as each case required were suggested. In communication with the Chief Engineer a type plan was designed and forwarded. But with all this, though the correspondence began in 1907, nothing - - definite and final was received from the Deputy Commissioners. It looks as if the Public Works Department would not give us anything final until there is a provision in the budget to incur the expendi-ture.

3. In my tours I found the Range offices in many places located in rental buildings and in others a small ~~room~~ corner room of the Taluk Cutcherry buildings with space hardly sufficient to keep the records I may say that there is no fear of the Excise Department being - - abolished and the Range office which is the unit of Excise Administra-tion richly deserves to have a local habitation. I also observed that where a separate building was not provided for the Sub-Registry Office, the room allotted for this office in the Taluk Cutcherry buildings was generally overcrowded with the increasing records. In most places it was the complaint that even this room was required by the Taluk Cutcherries.

4. The Government have generally recognised the want of accommoda-tion for Bonded Warehouses to store arrack casks and it is being brought home to us as time goes on. The Amildar should look upon the Bonded Warehouses in the same light as his treasury as they both represent

8

represent Government money. But it is unfair to expect him to take the responsibility when the arrack is posted away in a little mud building some distance down the town. That these so called Depots are not occasionally broken into speaks well for the Mysore populace. Another main point is that the Depot being situated at some distance from the Taluk Cutcherry, it causes great inconvenience to the Taluk Sheristadar and delay generally, as whenever a new cask of arrack is placed on tap the Sheristadar is supposed to be present to open the Store-room, issue the cask and adjust the Bung Wastage. I say - - supposed, as I am afraid in many cases he is not present, but deputes some minor official to do this work for him and this means pilfering and loss of Government Revenue. The necessity for providing accommo-dation to Bonded Warehouses in or near the Taluk Cutcherry buildings cannot be too strongly urged.

5. With a view to provide accommodation for Bonded Warehouses, Range and Sub-Registry offices, roughly speaking 35 new buildings and 18 extensions to present buildings will be required. According to the type design approved by me and the Chief Engineer, a combined building for a Sub-Registry office and a Bonded Warehouse with Range office included, costs about Rs.2,600/- each, and this amount I consi-der very moderate, as the cost of the present design for a Sub-Regis-try office alone comes to Rs.3,600/-. As regards the extensions I have no estimate but each may be taken to cost about Rs.1000/-. The

total

9

total cost of the scheme; therefore comes to about R^s.109000/-. This amount is no doubt double the sum originally proposed. But in that scheme the question of accommodation for the Range and the Sub--Registry offices was not under consideration. The result of this outlay will be that we will have throughout the State sufficient accommodation in Government buildings for Bonded Warehouses, Range and Sub-Registry Offices. This is certainly a desirable end.

6. If the Government find it hard to provide the full ~~some~~ sum of -- R^s.1,09,000/- in one Budget, the amount may be divided between two Budgets, a moiety being provided in the ~~xxx~~ current year's budget and the other moiety in the Budget of the next year. If this proposa is approved and provision is made in the current year's budget, it will enable me to complete the scheme in four of the Districts in the first instance. I assure Government that with the budget provision in my hand I will institute further enquiries in each of the Dis--tricts and submit estimates and plans for the approval of Government before the work is put on hand. I say this, because it is only when the amount is provided in the budget, that I will be able in communi--cation with the Deputy Commissioners and the Engineering Department, to come to a definite conclusion in respect of each of the Districts.

I have the honor to be,

Sir,

Your most obedient servant,

Excise Commissioner.
